

Parents, did you know... Each year millions of dollars in scholarships are awarded to youth bowlers across the country through the SMART program?

SMART (Scholarship Management & Account Reporting for Tenpins), an independent entity, provides a central location to manage bowling scholarships at no cost to you. You went to all the practices and games, now you have the easy part.

How does SMART work? Once a youth bowler's scholarship funds are submitted to SMART, access a one-stop online servicing portal and view the scholarship funds, and request funds to be sent directly to the educational institution.

Scholarship funds must be deposited into SMART within 30 days of the end of the event. Then both you and your youth bowler can check to make sure funds have been added, and watch the funds grow!

Access the user-friendly SMART portal at BOWL.com/SMART for all information needed to easily manage your account. Once a scholarship has been submitted and funded, your child automatically has a SMART account.

Key SMART Portal Features

- Create a username and password to access your account information
- Review Frequently Asked Questions for scholarship recipients
